SUBJECT: Report of 16-17 August LCBatland Mission

TO: Chief, ZACactus

Attn: [ ]

1. Forwarded herewith is a debriefing report of the BGFiend mission flown 16-17 August to drop a 4-man ZACabin team and resupply the Pinetree and Oaktree teams; the leaflets discharged were incidental.

2. This is the second resupply run for Pinetree. As the situation stands, Pinetree is the only visibly working party BGFiend can claim in LCBatland. It seems logical that the gravest consideration now must be given to the infiltration of all 1951 bodies to Pinetree only; the subsequent building up of personnel and materiel in that tested area should follow as the sensible course, the one most likely to bear results. This, a flicker of a thought at this time, will be treated as a separate subject following findings in HTStein and TPCredo this week. Two events, Cypress having exfiltrated to LCDrink and Olive having been annihilated, now make a careful review of the 1951 program of prime importance.
